

April 27, 2026

Hello Everyone,

I want to share an update regarding the store.

A few weeks ago, during a property check, we discovered a leak in the metal roof that had developed over time and resulted in significant damage inside the store. Since then, a contractor has assessed the damage, and we are pleased to confirm that the roof has been repaired, and Interior repairs will begin this week.

Over the next few weeks, you may notice contractor vehicles, bins, and related equipment around the store. We kindly ask for your patience and understanding as these repairs are completed.

On a lighter note, we're very happy to share that we have someone joining us to work in the store for the upcoming season. They will take possession once all repairs are finished, and we look forward to welcoming them to our community and working with them this season. If you have any questions or concerns, please feel free to reach out to me.

Kind regards,

Karen McClure
